The IB Diploma Programme at Carlforsska Gymnasiet offers all students a wide range of subjects, with a global perspective. Broaden your mind, widen your horizons and jump on board.

What is IB?
IB is an international non-profit organisation responsible for the most popular, prestigious, pre-university programme in the world – the Diploma Programme (DP). Students that follow the DP study fewer subjects, at a higher level, compared with the Swedish programmes.

Furthermore, not only are IB students expected to develop academically but their social, moral and personal development is also central.

Hungry for more?
We organise a Taster Day (prova på) for ALL students in year 9 – Friday 7 December 2018. Spaces are limited. If you would like to find out what being an IB student is all about, please email: agneta.myhr@vasteras.se
